Bristol & Bath Science Park, Dirac Crescent, Emersons Green, Bristol BS16 7FR

Thursday 4th October 11:45pm

So you want to be a Successful Entrepreneur?

You will probably have an accountant or a bookkeeper but most will not be able to help you with a wider understanding of how your business works and what strategies and tactics you should be engaging in your business to optimise its value. Plus you need to be able to scale your business without adding more hours to your already busy day!

As well as being a Chartered Management Accountant with a Law degree, Christine Nicholson has all the experience across both the operations of a business as well as how to get the most out of your back-office activities.

Christine Nicholson

If you own a UK business and want to increase both profitability and the value of your businesses, then Christine can help by cutting through the B.S. and getting to the crux of problems stopping growth. This means clarity on your business numbers AND what has to happen to get you more cash, better profits and a less stressful life for you and your family.
